

With their fusion of classical and contemporary sounds, The 7 Sopranos are arguably one of Australia's most in-demand corporate acts, whose level of style and sophistication raises the bar in the global corporate-entertainment arena.

*"Like 7 sails of the Sydney Opera House – The 7 Sopranos are Australia's greatest voices. They get my vote – true talent."*  
**Dawn French, Writer/Comedian/Actor**

Their classically trained voices hail from the world's most prestigious opera companies and are trusted by some of the globe's most recognised brands—Gucci, Mercedes Benz, Audi and Rolex—to provide elite corporate entertainment.

*"An operatic troupe of international standards - an absolute hit."*  
**Audi, Singapore**

The 7 Sopranos provide tailored performance solutions to perfectly mesh with the vision for each brand or organisation, from a five-minute showcase to a full-length performance.

*"I've died and gone to heaven. Ridiculous, just so good. Astonishing! A triumph, a triumph."*  
**Alan Jones, Radio 2GB, Australia**

Preceded by their growing international reputation, The 7 Sopranos are one of only two major acts ever invited to perform at the iconic Angkor Wat Temple in Cambodia (the first act being the acclaimed Tenor, José Carreras.)

*"Beautiful voices and a classic selection of beloved opera tunes."*  
**Dame Marie Bashir, Former Governor of NSW**
